

ZU Wi-Fi Connecting Steps

➤ Android Mobiles

▪ Most Android Mobiles

When you connect to (ZU-WiFi) you'll get this

1. From the (EAP method) drop menu; leave it as (**PEAP**).
2. From (**Phase 2 authentication**) drop menu, choose (**MSCHAPV2**).
3. From (CA certificate) drop menu; if you have many options, choose (Do not validate).
4. Enter your **Username** in (Identity/User) field.
5. Leave (Autonomous Identity) field blank.
6. Enter your **Password** in (Password) field.
7. Now (Connect).
